Issue 2

SLS Trucking has had a busy few months doing an extensive fit-out for Daracon on ten Kenworth T409SARs. The fit-out included Front & Rear deck plates, isolation stations, tarp solenoids & wiring to isolation box, mudguard deflectors and grill mesh.

SLS Profiling has had another busy month. Although slow to start after the Christmas Break we are now ramping up..

Three new employees started with the SLS Profiling Department, two new operators Josh on the Water jet and Peter running the Laser & Michelle in the PC office.

A BIG THANKYOU to Danny as he's doing an "excellent" job keeping the profile department running smoothly with his very busy and various work schedule, as well as training both Josh & Peter. PC department has this week shipped our first order into Perth, I hope TNT looks after the package as it wasn't easy to pack! A big thank you to Ben, Marc & Steve and Danny for getting the job out on time. GOOD JOB! Thanks boys.

The 2011 Transport Awareness Day raised \$105000 for the Westpac Rescue Helicopter Service. 2012 Road Transport Awareness Day is SUNDAY 4th November 2012 Newcastle Foreshore
